colour to ease the transition from GCSE to A Level. Tailor-made for the new specification and written by members of an experienced Senior Examining Team, you can be sure they provide everything students need to succeed.

Collins New GCSE Maths Edexcel Modular Teacher's Pack Foundation 2 contains everything you need to deliver effective lessons in mathematics with confidence for students working at Grades G to C. Fully matched to Edexcel's new GCSE Maths Modular specification, these teacher resources offer well-differentiated lesson plans and additional support.

Written by the renowned author team of Bostock and Chandler, this best-selling textbook covers all major A Level Mathematics specifications. Suitable for all points of entry to Advanced Level with appropriate supporting material in the early sections of the books. Each chapter contains a variety of exercises and questions for practice and preparation. Extended summary sections reinforce and consolidate learning.

The clear route to A Level success - new Core titles for the new specification Written by the same authors as the textbooks for a complete match, so are ideal for use alongside the course books. Worked examination questions and examples with hints on answering questions successfully help students push for those top grades. A test-yourself section makes sure students are fully prepared for the exam. Key points help reinforce learning and help students reach their best potential. Answers to all the questions ensure students can check their work. Written by experienced Senior Examiners.

This book is the leading title in a series targeted at the average A level Mathematics student which aims to tackle the basic ideas and misconceptions associated with this subject. The inclusion of Stretch and Challenge material caters for the most able students, and lots of regular exercises and exam questions provide plenty of practice. These books have an innovative 'flexispread' structure devised to motivate students and include real life links to inspire students. A background knowledge chapter at the beginning of each book helps to bridge the gap between GCSE and A level study tackling the retention issue of AS students. This Core book contains a free students' CD-ROM.
