Lost Happy Endings Sep 2014 Too Loud To Be Seen I know that you see me. I know, because I count the times you look at me.

When a wicked witch devises a plan to steal all the happy endings to bedtime stories, it is up to Jub--the keeper of the happy endings--to save the day and ensure sweet dreams everywhere. Original.

On the edge of the forest, high in the old oak tree, sits Jub, shaking out the happy endings into the violet night air.

The author of It's Okay to Laugh and host of the popular podcast Terrible, Thanks for Asking—interviews that are “a gift to be able to listen [to]” (New York Times)—returns with more hilarious meditations on her messy, wonderful, bittersweet, and unconventional life. Life has a million different ways to kick you right in the chops. We lose love, lose jobs, lose our sense of self. For Nora McInerney, it was losing her husband, her father, and her unborn second child in one catastrophic year. But in the wake of loss, we get to assemble something new from whatever is left behind. Some circles call finding happiness after loss “Chapter 2”—the continuation of something else. Today, Nora is remarried and mothers four children aged 16 months to 16 years. While her new circumstances bring her extraordinary joy, they are also tinged with sadness over the loved ones she's lost. Life has made Nora a reluctant expert in hard conversations. On her wildly popular podcast, she talks about painful experiences we inevitably face, and exposes the absurdity of the question “how are you?” that people often ask when we're coping with the aftermath of emotional catastrophe. She knows intimately that when your life falls apart, there's a mad rush to be okay—to find a silver lining, to get to the happy ending. In this, her second memoir, Nora offers a tragicomic exploration of the tension between finding happiness and holding space for the unhappy experiences that have shaped us. No Happy Endings is a book for people living life after life has fallen apart. It's a book for people who know that they're moving forward, not moving on. It's a book for people who know life isn't always happy, but it isn't the end: there will be unimaginable joy and incomprehensible tragedy. As Nora reminds us, there will be no happy endings—but there will be new beginnings.

Sisters Elsa and Tamsin Montgomery--the former, a minister who has her faith shaken after a murder strikes her congregation, and the latter, a wife whose husband is revealed to be a criminal--find healing in their work at a community garden. Includes recipes. By the author of How to Bake a Perfect Life. Original. 50,000 first printing.

The Master of Happy Endings is a powerful new novel about memory, belonging, helping others, and the vagaries of the human heart. It is also a compelling story about how a man in his late seventies manages to conjure one more great adventure for himself. Axel Thorstad lives in a shack on a remote island off the coast of British Columbia. Once a popular school teacher and thespian who touched the lives of hundreds of his students, he now lives in retirement and mourns the recent death of his wife. But even this stoical giant of a 77-year-old finds the isolation too much. He begins to run want ads in newspapers offering his services as a tutor, and meets the indomitable Mrs. Montana. She hires Axel to coach her precocious teenage-TV-actor son Travis for his school exams while he shoots a new episode in Hollywood. Life in L.A. is far removed from his isolated life in rural B.C., and soon Thorstad finds himself caught up in the drama of his young student's life, and the return of an old flame. Set amidst the fleshpots, sound-stages and dining rooms of L.A., this engaging novel of lives and loves lost and found also gestures to the courage one needs in the face of the vulnerabilities of older age that all too soon beset.

I think about everything I'll miss if they tell me I'm going to die . . . my mom, my dad, my sister, cookies, TV shows I'll never get to see the end of, walking outside when it's really nice, the smell of fall, the starry sky on a full moon, my grandparents, my grandpa's lasagna, kissing Victor, Victor's eyes, Victor's voice, Victor's smell, Victor's hands . . . Victor. A teenage girl heads towards the hospital waiting room where the doctors are going to tell her how much time she's got to live. As she walks, she thinks about her journey up to this point . . . the terrible decor in the hospital, wearing a headscarf, the horrible treatments, but also being with her friends, family, and her new boyfriend Victor. This is a story about cancer with a happy ending. It's about life, love, and especially, hope.

An enchanting novel about fate, second chances, and hope, lost and found, by the Amazon Charts bestselling author of The Last of the Moon Girls. Soline Roussel is well schooled in the business of happy endings. For generations her family has kept an exclusive bridal salon in Paris, where magic is worked with needles and thread. It's said that the bride who wears a Roussel gown is guaranteed a lifetime of joy. But devastating losses during World War II leave Soline's world and heart in ruins and her faith in love shaken. She boxes up her memories, stowing them away, along with her broken dreams, determined to forget. Decades later, while coping with her own tragic loss, aspiring gallery owner Rory Grant leases Soline's old property and discovers a box containing letters and a vintage wedding dress, never worn. When Rory returns the mementos, an unlikely friendship develops, and eerie parallels in Rory's and Soline's lives begin to surface. It's clear that they were destined to meet?and that Rory may hold the key to righting a forty-year wrong and opening the door to shared healing and, perhaps, a little magic.

Sarah Dessen meets the Wild West in this tale of wild mustangs, irresistible wranglers, and the first rule of horses: if you get bucked off, you have to get back on. Cassidy Carrigan wasn't planning to ever get on a horse again. She wasn't even planning on going to back to school after her dad moved out, her best friend ditched her, and her anxiety took over. But then she wasn't planning on being shipped off to a ranch in the mountains of Wyoming as a charity case either. Or falling for a cowboy with a broken nose and an even more broken soul. But sometimes you just have to do a stupid, dangerous thing to have

the time of your life. Set in the wild, beautiful west, here is a story about fear and failure and falling in love when the odds are against you. Alternatingly heart-stopping and heart-breaking, *The Thief of Happy Endings* is a story that will stay with you, like a summer you'll never forget.

Howard Garis, creator of the famed Uncle Wiggily series, along with his wife, Lilian, were phenomenally productive writers of popular children's series—including *The Bobbsey Twins* and *Tom Swift*—from the turn of the century to the 1950s. In a large, romantic house in Amherst, Massachusetts, Leslie Garis, her two brothers, and their parents and grandparents aimed to live a life that mirrored the idyllic world the elder Garises created nonstop. But inside *The Dell*—where Robert Frost often sat in conversation over sherry, and stories appeared to spring from the very air—all was not right. Roger Garis's inability to match his parents' success in his own work as playwright, novelist, and magazine writer led to his conviction that he was a failure as father, husband, and son, and eventually deepened into mental illness characterized by raging mood swings, drug abuse, and bouts of debilitating and destructive depression. *House of Happy Endings* is Leslie Garis's mesmerizing, tender, and harrowing account of coming of age in a wildly imaginative, loving, but fatally wounded family.

*Huck* is a page-turning, unforgettable true story of the tenacity of one small dog, the unexpected, extraordinary kindness of strangers, and a family's devotion to each other. Michael was four when his relentless campaign for a dog began. At seven he made a PowerPoint presentation, "My Dog," with headings like "A Childhood Without a Dog is a Sad Thing." His parents, Janet and Rich, were steadfast; bringing a dog into their fast-paced New York City lives was utterly impractical. However, on a trip to Italy, a chance happening leads Janet to reconsider, a decision then hastened by a diagnosis of breast cancer. Janet decides the excitement of a new puppy would be the perfect antidote to the strain on the family of months of arduous treatments for her illness. The prospect of a new puppy would be an affirmation of life, a powerful talisman for them all. On Thanksgiving weekend, soon after the grueling months of treatments are over, Huck, a sweet, mischievous, red-haired, toy poodle joins the family and wins everyone's heart. A few months later the family ventures to baseball's spring training, leaving Huck with Janet's sister in Ramsey, New Jersey. Barely twenty-four hours into the trip, Janet receives the dreaded phone call: Huck has slipped through the backyard fence and run away. Broken-hearted and frantic, the family catches the first plane to New Jersey to begin a search for their lost puppy. It is a race against time, for little Huck is now lost in an area entirely unfamiliar to him, facing the threat of bears and coyotes, swamps and freezing temperatures, rain and fast cars. Moved by the family's plight, strangers – from school children to townspeople to the police lieutenant – join the search, one that proves to be an unyielding test of determination and faith. Touching and warm-hearted, *Huck* is a spirit-lifting story about resilience, the generosity of strangers, and hope.
